## CHURCH BEAUTIFICATION PROJECT UPDATE

July 2009

Beloved Parishioners:

Greetings in the Lord.

As some of you have been inquiring as to our progress with the Church Beautification Project we offer this update for your information.

The Parish Council continues to evaluate options for the stained glass, carpeting, and iconography projects needed to complete our church's beautification. Due to a recessionary economy and other building and grounds major expenditures, it was believed that a strategy of deferring beautification projects into the near future was advisable. All monetary donations that have been made toward beautification projects have been earmarked and restricted as such and will continue to be held in interest bearing accounts until beautification is commenced again.

We plan to invite a highly regarded stained glass artisan to our church this autumn for a consultation and possible proposal. In addition, there will be a new Pantocrator-Dome Beautification donors' plaque placed in the narthex this autumn.

Yours in Christ,

+Fr. Bill & Members of the Saint George Parish Council
